

Cash for Class:

Cash for Class is a specific fund raising opportunity, within the YES Rewards Program (offered locally at D&W & Family Fare), that allows you to earn money for certain departments within our school! In order to have money designated to East Grand Rapids Stage Boosters, YOU will need to sign up for both a YES Rewards Card in the store, and then for an on-line YES Rewards Account! If you already have a YES Rewards card, then all you need to do is create an on-line account at yes.spartanstores.com. On-line is where you get the option to designate a school group to receive Cash for Class money.

Instructions:

1. First, you will need to sign up for a YES REWARDS card (if you don't already have one) at any D&W Fresh Market or Family Fare. Complete the brief application in the store and start earning personal rewards when you shop... **JUST DON'T FORGET TO USE YOUR REWARDS CARD** each and every time! (Or you can simply enter your phone number instead of swiping your card.)
2. Create an on-line YES Rewards Account. Go to their website: yes.spartanstores.com and "create an account." (Name, Address, Phone Number Etc.) If you do not have access to a computer, you can call Spartan Stores - Cash for Class Customer Service, to set up your Cash for Class account
. Their number is (888) 880-9371.
3. While creating your account, select Cash for Class. Then, select: **East Grand Rapids Stage Boosters** from the drop-down list! (You can select up to two departments if you wish).
4. Watch for announcements (in the stores, and on the YES Rewards website) for up-coming Cash for Class days in the stores. A percentage of your in-store purchase will be deposited into the East Grand Rapids Stage Boosters account when you shop on those specific days! The Cash for Class opportunity will be offered 6 times throughout the months of September 2014 through April 2015.
5. Encourage your Family and Friends to also sign up for Cash for Class and to designate **East Grand Rapids Stage Boosters** as the recipient of the program funds!
