

East Grand Rapids High School Pay to Perform Fees

Due to continued limitations in state school funding, the district will continue Pay to Perform for the EGRHS Drama Program during the 2016-2017 school year. The school district provides book keeping services, utilities and use of the PAC and Little Auditorium for rehearsals and performances, custodial services for performances only, and Director Stipends. Beginning with the 2017-2018 School year the PAC Director's salary will hopefully covered by EGR NOW! Funds.

Pay to Perform fees go directly to the School District to pay for the above costs. All other costs to produce productions, i.e. costumes, publicity, sets, royalties and scripts, properties and additional staff come from ticket sales and program advertising and donations directly to the high school drama program.
